

Eleni Palamara

Eleni Palamara has a diploma in Mechanical Engineering from the National Technical University of Athens and an MSc degree in Archaeological Sciences from Oxford University. She is currently a PhD candidate as a full time doctorate researcher (scholarship awarded for the years 2012-2015) at the Laboratory of Archaeometry, in the University of Peloponnese. Her main research focus is on the physicochemical properties of archaeological glasses and glazes.
